

## Clinical Insights

## Resveratrol

Common Name:	Resveratrol	Herb:	Polygonum cuspidatum
		Source:	Sieb. et Zucc
Other Name:	Polygonum cuspidatum extract	Part::	Root

Appearance: Red-brown fine powder.  
Storage: In a cool and dry place.  
Keep away from direct  
strong light.

Resveratrol is extracted from polygonum cuspidatum, and it has strong antioxidant effect, which can be extremely useful as part of an “anti-aging” program.

Resveratrol can help to lower the cholesterol level in human body, and cease the conglomeration of haematoblast. It is also helpful to treat those people who have high blood grease diseases. Another important efficacy of resveratrol is to assist in the prevention in the growth of tumor cells or decreasing tumor promotion activity. It is recognized in the use for medication, cosmetics, and health food industries.
